

TABLE OF CONTENTS

CHAPTER 1: Introduction

Natural History of Bats.....	1
Health Precautions.....	2
Identification.....	3
Crevice Bats.....	3
Tree Bats.....	4
Table 1. Roosting and Hibernating Patterns.....	5
Behavior.....	8
Emotion.....	8
Communication.....	9
Being Individual.....	9
Big Brown Bats.....	10
Myotis Bats.....	10
Evening Bats.....	10
Silver-haired Bats.....	11
Pipistrelle Bats.....	11
Pallid Bats.....	12
Free-tailed Bats.....	12
Big-eared Bats.....	13
Hoary Bats.....	13
Red Bats and Seminole Bats.....	14
Yellow Bats.....	14
Age and Longevity.....	15
Notes for the Handler.....	18

CHAPTER 2: Wild Bats Entering Captivity

Gathering and Transporting.....	20
Intake and Initial Exam.....	20
General Information.....	21
Eyes First, Respiration Second.....	21
Exam Third.....	21

CHAPTER 3: Temporary Housing

Quarantine.....	24
Crevice Bats (Adults and Pups).....	24
Tree Bats (Adults and Pups).....	24
Quarantine Housing.....	25
Cube Cage.....	25
Bat Hut.....	25
Breeze Cage.....	25
Cage Modifications.....	26

Temperature, Humidity and Lighting.....	28
General Information.....	28
Permanent Humidity Chamber.....	28
PVC-Framed Humidity Chamber.....	29
Lighting.....	29
Marking Captive Bats for Identification.....	30
Unacceptable Marking Methods.....	30
Leg Banding.....	30
Wing Banding.....	30
Neck Banding.....	31
Body Piercing.....	31
Toe Clipping and Ear Notching.....	31
Freeze Branding.....	31
Acceptable Marking Methods.....	32
Tattoos.....	32
Fur Clipping.....	32
Non-Toxic Paints.....	32
Washable Markers.....	33
Natural Marks.....	34
Daily Examinations.....	35
Table 3. Captive Colony Checklist.....	36
Introducing New Bats to Cage Mates.....	37
 CHAPTER 4: Enrichment and Security	
Flighted and Non-Flighted Bats.....	38
Crevice Bats.....	38
Roostmates.....	39
Table 4. Crevice Bat Roosting Patterns.....	39
Furniture.....	42
Roosting Items for Crevice Bats.....	42
Cleaning.....	43
Vivarium Foam Products.....	44
Modifying Vivarium Foam Products for Bats.....	45
Cleaning.....	45
Additional Roosting Items for Crevice Bats.....	46
Tree Bats.....	47
Roostmates.....	47
Furniture.....	48
 CHAPTER 5: Dishes	
Mealworm Dishes.....	50
Crevice Bats.....	50
Tree Bats.....	52
Water Dishes.....	53

CHAPTER 6: Permanent Housing and Flight Cages

Housing for Non-flighted Crevice Bats.....	55
Housing for Non-flighted Tree Bats.....	58
Temporary Indoor Flight Cages.....	59
Permanent Flight Cages.....	60
Flight Cage Sizes.....	60
Entryway.....	60
Construction Materials.....	60
Walls.....	61
Cleaning.....	61
Flooring.....	62
Ceiling.....	62
Housing for Flighted Crevice Bats.....	63
Cave Roost.....	63
Feeding Shelves.....	66
Cleaning.....	66
Ill Fated Designs.....	67

CHAPTER 7: Feeding Adult Bats

General Information.....	68
Table 7-1. Plants that May Provide Nutrients to Bats Through Insects.....	68
Mealworms.....	70
Mealworm Medium.....	70
Preparing Mealworms for Self-feeding Bats.....	71
Hand-feeding Adult Bats.....	72
Teaching Adult Bats to Self-feed.....	73
Crevice Bats.....	74
Tree Bats.....	74
Additional Notes.....	75
Feeding Crickets.....	75
The Bat World Sanctuary Complete Soft Food Diet.....	76
Recipe.....	76
Additional Notes.....	77
Table 7-2. Complete Soft Food Duet Nutritional Analysis.....	78
Proper Feeding Technique, Crevice Bats.....	79
Proper Feeding Technique, Tree Bats.....	80
Improper Feeding Techniques.....	80
Table 7-3. Average Weights of Insectivorous Bats.....	81

CHAPTER 8: Mating Behavior and Reproduction

Mating Behavior	82
Table 8-1. Select data on a Captive Reproductive Colony of <i>Tadarida brasiliensis</i> ...	84
Orchiectomy.....	85
General Information.....	85
Procedure.....	85
Caring for Pregnant and Lactating Females.....	86
General Information.....	86
Care During Pregnancy.....	87
Normal Birth.....	87
Difficult Birth.....	88
Caesarean Section and Ovariohysterectomy.....	91
Captive Mothers with Pups.....	92
Crevice Bats.....	92
Tree Bats.....	92
Notes on Rescuing Tree Bats with Pups.....	93
Other Complications.....	93
Hypocalcemia.....	93
Mastitis.....	93
Table 8-2. Number of Young Per Year.....	95

CHAPTER 9: Feeding and Care of Infant and Geriatric Bats

General Information Regarding Bat Pups.....	96
Feeding Schedule.....	97
Important Notes.....	98
Feeding Crevice Bat Pups.....	99
Vespertilionidae.....	99
Molossidae.....	99
Housing Crevice Bat Pups.....	101
Feeding Tree Bat Pups.....	102
Housing Tree Bat Pups.....	102
Bathing and Grooming Tree Bat Pups.....	103
Bat World Sanctuary Milk Replacement Recipe.....	104
Vespertilionidae.....	104
Molossidae.....	104
Table 9-1. Comparison of Bat Milk Compositions.....	105
Table 9.2 Pup Survival Rates for Select Milk Replacement Formulas.....	106
Complications in Hand Raised Pups.....	107
Bloat.....	107

Feeding too Often.....	107
Overfeeding.....	107
Lack of Beneficial Bacteria.....	108
Malnutrition.....	108
Gastric Torsion.....	108
Metabolic Bone Disease.....	108
Other Complications.....	109
Injuries.....	109
Feeding Juvenile Bats.....	109
Caring for Geriatric Bats.....	110

CHAPTER 10: Routine Therapies

Injection Techniques.....	111
Oxygen Therapy.....	112
Anesthesia.....	113
Blood Sampling.....	114
Bathing and Grooming Adult Bats.....	115
Medications.....	117

CHAPTER 11: Diagnosis and Treatment of Illness

Dehydration and Fluid Replacement Therapy.....	121
Table 11-1. Fluid Replacement Schedule.....	121
Shock.....	122
Respiratory Disorders.....	123
Aspiration.....	123
Pneumonia and Pneumonia-like symptoms.....	123
Anemia.....	125
Infections of the Gums and Teeth.....	126
Eye Infections.....	130
Gastrointestinal Disorders.....	132
Gastritis.....	132
Diarrhea.....	132
Hepatic Lipidosis.....	133
Urinary Tract Infections.....	134
Skin Conditions.....	135
Facial Secretions.....	135
Fungal Infections.....	135
Wing Wasting Syndrome.....	137
Erosive Dermatitis.....	138
Conditions Caused by Improper Diet and Feeding Techniques.....	139
Parasites.....	140
Ectoparasites.....	140
Endoparasites.....	141

Rabies.....	142
Human Exposure.....	142
Bat Bites.....	144
Clinical Signs of Rabies in Insectivorous Bats.....	144
Differential Diagnostic Chart.....	147

CHAPTER 12: Diagnosis and Treatment of Injury

Anatomy of the Wing.....	154
Membrane Tears.....	163
Open and Closed Fractures.....	164
Stabilizing Fractures with Tissue Adhesive.....	164
Rehabilitation after Fractured Wings.....	167
Injuries to the Shoulder, Elbow and Wrist Joints.....	167
Amputations.....	167
Back Injuries.....	170
Leg Injuries.....	172
Birth Anomalies.....	173
Knee Injuries.....	174
Joint Swelling.....	174
Foot and Toe Injuries.....	175
Blunt Force Trauma.....	177
Punctured Lung.....	178
Bite Wounds.....	179
Adhesive Contaminants.....	180
Heat Exhaustion/Heat Stroke.....	181
Hypothermia and Frostbite.....	183
Treatment for Hypothermia.....	183
Treatment for Frostbite.....	183
Insect Stings and Spider Bites.....	184
Fire Ants.....	184
Wasp and Bee Stings.....	184
Spider Bites.....	185

CHAPTER 13: Hibernation, Release and Euthanasia

Hibernation.....	186
Releasing Bats to the Wild.....	189
Releasing Hand-Raised Orphans.....	189
Releasing Adult Bats.....	189
Euthanasia.....	191
Unacceptable Methods.....	191
Acceptable Methods.....	191
Products.....	193
Metric Conversions.....	194
