

BatMan Lunch Box

Show kids what BatMan should carry in his lunchbox: snack bags with mosquitoes and other flying insects, beetles and grasshoppers, crickets and spiders, scorpions and centipedes, small snakes and lizards, tiny fish, frogs, REALLY ripe fruit, and a can of Kern's nectar to wash it all down!

If you don't have a BatMan lunchbox, any plain lunchbox can be decorated with BatMan labels or shiny bat stickers.

Good source for rubber bugs:
